

JustiN Mobile

Politica sui cookie di JustiN Mobile

Our JustiN Mobile application (the “App”), owned by Salto Systems, S.L., uses a technology known as “cookies” in order to gather information on the use of the App. We use cookies to analyse your App using habits in order to improve the quality of our services and your user experience.

The purpose of this cookies policy is to provide you with clear and precise information regarding the cookies that we use in our App (the “Cookies Policy”). This Cookies Policy supersedes any previous cookies policy or regulation previously shared with and accepted by you.

Should you wish further information on the cookies used on our App, you can “ *Contact our Data Protection Officer*”.

1. WHAT IS A COOKIE?

A cookie is a file that is downloaded on your device (computer or mobile device) when accessing certain webs or apps in order to store information which can be updated and retrieved by the entity responsible of its installation.

Among others, cookies enable collection of information on usage habits or on the browsing of a web or of an app, executed in the device in which they are installed.

2. WHAT TYPE OF COOKIES DOES OUR APP USE?

Our App uses “Firebase Analytics”, which is a Google’s analytics tool that helps us to understand how users interact and engage with the properties of our App. Such tool uses a set of cookies to collect information and report App usage statistics without personally identifying individual users.

Therefore, our App allows the use of the mentioned Firebase Analytics cookies, whose details are set forth below:

- Ownership (third party cookies): The ownership and responsibility of Firebase Analytics cookies belongs to Google.
- Purpose: Firebase Analytics cookies are cookies of analysis, which collect information anonymously, and report about using habits of the App without identifying individual users. Please note that Firebase Analytics does not provide us with information on the real IP address of the user.

These cookies permit to obtain and analyse the App using activity (for example, they help us to gauge the total number of users of our App and to identify the most popular areas of the App). This information makes us possible to improve the user experience we offer to our users and to provide a better service to users.

- Activation term: The Firebase Analytics cookies that we use are permanent cookies. This means that data continue to be stored in the device and can be accessed and processed during a period defined by the party responsible for the cookie, and can range from a few minutes to several years.
- International transfers: You can know about transfers to third countries by Google in its policy available below.

Here you can find more information regarding Firebase Analytics cookies:

<https://support.google.com/analytics/answer/6004245?hl=en>

3. HOW DO YOU GIVE YOUR CONSENT?

After downloading and clicking to open the App, you shall be requested (in the first display, before accessing the App) to give your consent to the installation and use of the cookies subject to the provisions of this Cookies Policy. By clicking “Accept cookies” or any equivalent box that could be shown for such purpose, you shall be giving your consent to such installation and use.

If you do not wish to give us your consent, you may configure your cookie preferences during the registration process, or you can proceed to disable and block the cookies following the instructions of sections below.

In any case, please remember that even when you have given your consent to the installation and use of the cookies subject to this Cookies Policy, you can withdraw your consent and/or disable or block the cookies at any time. Please review information of following sections for such purpose.

4. HOW CAN YOU WITHDRAW YOUR CONSENT?

Should you wish to withdraw your consent in relation to the Cookies Policy at any time, you must disable the cookies by modifying your configuration options in our App according to the instructions set forth in the following section.

5. HOW CAN YOU DISABLE AND BLOCK THE COOKIES?

You could disable or block the cookies by modifying your configuration options in our App at any time.

In order to modify your cookies configuration in our App you shall follow the following steps:

- In the Menu of the main screen (i.e. the screen where mobile keys list is displayed) click “About”.
- Then click the link “Legal Terms & Policies”.
- Finally, uncheck the usage data sharing option.

If you disable the cookies, you can continue using our App and your user experience shall not be altered.

6. UPDATES AND CHANGES IN OUR COOKIES POLICY

We may change this Cookies Policy at any time, including among others, to adapt our policy to new existing legislation, regulations, or in order to adapt it to the instructions stipulated by the corresponding data protection public authority.

You will be informed when this Cookies Policy undergoes any significant changes.
