The delivery includes an installation instruction:

Alg: Intallation guide Ei45x... : 2011 55-ED. 22/11/2010 + SKG: Intallation guide Ei4Kxx... : 220744 -EDO -05/01/2011

4. PERFORMANCES

A narrow plate with electro mechanical handle link non lockable according this certificate fulfils the relevant requirements of BRL 3104.

A window- or door set, in which this narrow plate with electro mechanical handle link, non lockable is installed according the installation instructions of the certificate holder meets at least burglar resistance class (RC) 2 of NEN 5096 and EN 1627, if:

- the façade element or the (profile-)system from which the element is manufactured is delivered under a (KOMO-)quality approval with respect to the aspect burglar resistance, in which the actual window or door type is admitted and the herein mentioned conditions are fulfilled. Remark: In façade elements in accordance with a burglar resistance class (RC) of EN 1627 only SKG*** cylinders are applicable.

A window or door, in existing buildings, in which this narrow plate with electro mechanical handle link, non lockable is installed according the installation instructions of the certificate holder, meets the requirements of the Police Mark Save Housing (PKVW) - Existing Building, if:

- the other aspects of the façade element also comply with the applicable PKVW Protection directive (publication CCV).
-
